About the Institute

Nitte Mahalinga Adyanthaya Memorial Institute of Technology (NMAMIT), affiliated to VTU, Belagavi, an autonomous Institution offering UG, PG and Doctoral programmes. It is a unit of Nitte Education Trust, Mangaluru. It currently offers 7 UG programmes in engineering, 11 M.Tech programmes, MBA and MCA programmes. All the UG programmes are accredited by NBA, New Delhi. The Institute is ISO 9001:2015 certified and also accredited by NAAC, New Delhi with 'A' grade. The institute is ranked 128th in the NIRF ranking (Engineering Institutes) - 2019, Govt. of India.

About ICETE2020-MultiConference Platform

NMAM Institute of Technology is organizing International Conference on Emerging Trends in Engineering (ICETE-20) during December 22nd & 23rd, 2020, which is the tenth international conference since 2011. Since 2019, in order to focus on the specific issues associated with various Engineering disciplines, the idea of a Multi Conference Platform has been mooted. Hence, INTERNATIONAL CONFERENCE ON EMERGING TRENDS IN ENGINEERING (ICETE-2020) – A MULTI CONFERENCE PLATFORM, will also be a collection of several International Conferences with themes specific to various engineering streams. Besides, there will be an opportunity for students and research scholars of various branches of Engineering & Technology, and industrial professionals to deliberate, present and discuss research papers.

About AIDE-2020

With the resurgence of Machine Intelligence, Neural Networks, and Huge Data: the Artificial Intelligence, and the Data Engineering, have become extremely active areas of research. The purpose of the International conference on Artificial Intelligence and Data Engineering 2020 (AIDE-2020) is to promote research in Artificial Intelligence (AI) and Data Engineering (DE), and scientific exchange among AI and DE researchers, practitioners and academicians from Artificial Intelligence community, Data Engineering community and its affiliated disciplines to create an approach towards a global exchange of information on technological advances and new scientific innovations. AIDE-2020 will have diverse technical tracks, Invited speakers on innovative applications of AI and DE from eminent scientists across the globe, poster sessions and pre-conference workshop. AIDE-2020 welcomes submissions on mainstream AI and DE topics as well as novel crosscutting work in related areas. The theme of conference revolves around four verticals Artificial Intelligence, Ambient Intelligence, Machine Vision & Robotics, and Data Science & Engineering.
